At a recently attended function in San Francisco all the tables featured a placard recommending Frey Vineyards wines. One the true pioneers in pure organic vineyards and production of award winning wines. They were the first organic winery. Their wines contain no sulfites and use only grapes from organic vineyards.

This month we have their exceptional red wines that will enhance any meal, snacking, or just enjoying sipping slowly with, maybe some nice dark chocolate desert.

Gan Eden has been a small unappreciated winery that has consistently made excellent wines. Their 2000 Syrah is a robust wine, deep ruby color that leads to a rich full body of complex fruit taste. A winner of 3 gold medals and 12 overall medals, Mercury Wine Club is lucky to have a diminishing supply of this small production wine.

Mercury International Corporation Receives 2009 Best of Torrance Award

U.S. Commerce Association's Award Plaque Honors the Achievement

WASHINGTON D.C., June 8, 2009 -- Mercury International Corporation has been selected for the 2009 Best of Torrance Award in the Wine category by the U.S. Commerce Association (USCA).

The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2009 USCA Award Program focused on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.
